Amanda Watkinson, CEO, Move Momentum says: "We're delighted to be launching the Winnall Academy Tuesday class - we love seeing new faces, so do come along and give it a try if you are interested. Our main priority is creating a welcoming, comfortable and safe environment for our students to express themselves, build confidence and most importantly, have fun!"

See below for quotes from current students:

Lucy - 'I really like to dance because you can express your emotions and if you have a problem you can just go to your dance teacher and they will do their best to resolve it. Your dance group that you're with ends up feeling like your family because you're so close and get to know each other so well. I really like to dance here at Move Momentum because it just feels like home- it's like a second home.

Erin - Coming to Move Momentum has made my life better, it's made me a much happier person because dance is where you can just express your emotions and no one judges you, and in here there's no bullying or anything. The problems that you have outside don't come in and we're all just friends and get along with each other. It's just a really nice, positive environment to be with.

Phoebe - I'm Phoebe and I'm 14. I have been with Stanmore Academy for over a year now. I'm really enjoying the classes. The reason I joined is because I was finding life boring and there was nothing interesting to do in my life. So that's why I joined Stanmore Academy and they're wonderful!
