

## Risk Assessment

Class:

Date(s):

Location(s):

Assessment by:

These identified risks will be checked each week by the teacher using the venue, the teacher will ensure that all preventative measures are adhered to, should there be any problems with the venue the teacher is required to report this along with images if possible to [info@movemomentum.co.uk](mailto:info@movemomentum.co.uk) and should make a decision whether the session is safe to run based on the assessment made.

Identified Risk	Potential Outcome	Those at risk	Risk Level (Low, Med or High)	Preventative Measure
Floor surface - slipping	Minor or major injuries	Students, teachers, volunteers	Low	Check surface before commencing activity and ensure appropriate footwear is worn (if necessary)
Lack of sufficient space or obstacles in the space	Collision, injuries, damage to space/ things in it	Students, teachers, volunteers	Med	Ensure there's enough space for dance activity and number of participants
Physical activity	Minor or major injuries	Students, teachers, volunteers	Med	Ensure proper instruction is given for executing activities
Electrical Hazards	Liquid near electricals could cause fire	Students, teachers, volunteers	Med	Ensure electrical equipment is safely plugged and liquids are kept away from electrical equipment
Temperature	Minor injury	Students, teachers, volunteers	Low	Ensure space is appropriate temperature for activity
Dehydration	Fainting, headaches	Students, teachers, volunteers	Low	Take regular water breaks and remind students to drink water
Lighting	Collision, injuries, damage to space/ things in it	Students, teachers, volunteers	Low	Make sure the lighting is appropriate for activities in space
